### Church Update:

The summer intern program has come to an end and our last big event was an evangelism campaign that we hosted in a village. We spent a few hours canvassing in the village and inviting as many people as we could to come. When it got dark we showed a gospel film and preached. God really blessed and **there were 5 people that made professions of faith and 3 of them came to church the next Sunday.**

The church is doing well and growing consistently. **Our average attendance is near 100 each Sunday morning** and we are seeing visitors come each month. Last month we started 3 new Sunday school classes for men, women, and teens. These classes have been going well and have allowed the members to get to know each other more and pray for one another.

### Evangelism Campaign:

### Salvations:

God is continuing to save souls! We have seen more people come to Christ this past month than we have since we first started the church. The two young men on the left have attended our church for nearly a year and I have prayed for their salvation often, this month they both realized that they were lost and wanted to give their lives to Jesus. We also have a Muslim family that started attending our church a few weeks ago. They made the decision to accept Christ as their Lord and Savior. The church is getting more and more involved in evangelism and the Lord continues to bless and give us fruit for our labor.

### Prayer Requests:

- Pray for the church plant, Victory Baptist Church of Zinguedesse
- Pray for those who made the decision to give their lives to Christ
- Pray for stability in the region in West Africa so that we are able to continue to work and see churches planted
