Church update:

Last month we had a graduation for the illiterate discipleship program. This program is for those who never went to school. The goal was to help them grow in biblical knowledge while teaching basic reading and writing skills. We had 3 graduates this year. They faithfully attended class once a week for year, where they were taught to read and write in French as well as work through a basic discipleship curriculum. Claire (pictured on the right) worked really hard and is now able to read her Bible on her own.

Seeing all the Lord is doing in our church is exciting. More and more people are getting involved and serving the Lord in new ministries. The young man in the photo is only 14 years old and has started teaching some of the neighborhood outreach classes we hold for kids on Wednesdays. We are working hard to help people learn to serve the Lord and be a witness in our community.
